

**NEW Sterling Silver and
Swarovski Crystals
Epilepsy Awareness Bracelet**

**We are very excited to announce our new
"Epilepsy Awareness Bracelet."**

The bracelet was designed by Sueann Senecal,
and the sterling silver flame was designed by David
Hannoush of Hannoush Jewelers especially for the
Epilepsy Foundation of Northeastern New York, Inc.

All of the components of the bracelet were chosen by Sueann, and she is donating her time to make the bracelets for us.

Red Swarovski crystals were chosen to represent change, life-giving power and healing. Red is the color of the Epilepsy Foundation flame and represents the Foundation's mission of working for change so that people with seizures are able to participate in all life experiences.

Sterling silver beads were chosen to represent the strength and determination of people living with epilepsy.

White Swarovski crystal pearls represent the hopes and dreams of all people living with epilepsy.

All proceeds from the bracelets will go directly to the Epilepsy Foundation of Northeastern New York, Inc. and will benefit people with epilepsy.

Please show your support and order your bracelet for you and your loved ones while helping raise awareness of epilepsy.

Bracelets are available in 7 1/2" size for \$45.00 each. Other sizes are available upon request. To place your order, please email Darcy Below at dbelow@epilepsyneny.com.

Thank you for your support!
